

# SALISBURY ASSESSMENT SOLUTIONS CLASSROOM TRAINING

## ELECTRICAL SAFETY COURSES

### Arc Flash and Shock Hazard for Non-Maintenance Personnel

The purpose of this session is to provide training on NFPA 70E Article 130 to personnel who are required to function near or interface with electrical equipment, but will not or are not qualified to be within the approach boundaries specified in NFPA 70E.

**Agenda:** The Rules: OSHA, NFPA 70, NFPA 70E, IEEE 1584 Arc Flash Analysis, Labeling and Requirements, Shock Hazard and Boundary Rules

Classroom Training #AFT1002, Webinar Session #AFT1002W

#### AFT1002: 2 HOUR COURSE

Description	Price	Training Only	After Hours
First Session in 1 Day	\$2,315	\$3,098	\$4,337
2-in-1 Day Add	\$893	\$1,197	\$1,675
Webinar Session	\$1,953	\$2,170	\$3,038

### Arc Flash and Shock Hazard for Maintenance Personnel

The purpose of this session is to provide training on NFPA 70E Article 130 to personnel who are required to examine, adjust, service, or maintain electrical equipment while it is energized and meet the standards required for qualified personnel as defined in NFPA 70E.

**Agenda:** Fault Current Calculations & Arc Flash Calculations, The Rules: OSHA, NFPA 70, NFPA 70E, IEEE 1584 Arc Flash Analysis, Labeling and Requirements Qualified Person Definition and Training Requirements Shock Hazard and Boundary Rules and Personal Protective Equipment Care and Selection

Classroom Training #AFT1004, Webinar Session #AFT1004W

#### AFT1004: 4 HOUR COURSE

Description	Price	Training Only	After Hours
First Session in 1 Day	\$3,155	\$3,575	\$5,003
2-in-1 Day Add	\$1,628	\$1,859	\$2,604
Webinar Session	\$2,372	\$2,635	\$3,689

**PLEASE NOTE:** Classroom and Webinar 2 and 4 hour courses available in Spanish upon request.

## OSHA's Basic Electrical Safety Outreach Class

The purpose of this multi-day session is to provide a safe work environment and protect electrical workers by keeping them up-to-date. This 10-hour program is OSHA's basic safety outreach class and is designed to introduce workers to a variety of general industry guidelines and requirements with an emphasis placed on electrical hazard identification, avoidance, control, and prevention through the incorporation of the AFT1004 course. After completion, participants will receive an OSHA 10 hour card.

### Day 1:

- Introduction to OSHA (2hrs)
- Break
- Subpart D: walking and working surfaces (1hr)
- Subpart E: E&L EAP and fire prevention (1hr)
- Lunch
- Subpart S: electrical (1hr)
- Subpart Z: hazard communication (1hr)

### Day 2:

- Subpart H: hazardous materials (1hr)
- Subpart I: personal protection equipment (1hr) Break
- Safety and health program (1hr)
- Arc flash hazardous (1hr)

### General Class Info:

- All sessions are limited to 25 participants
- No more than two AFT1004 may be scheduled in the same day
- The OSHA-10 is a 2 day course with a maximum of 7.5 hours of training per day (OHSA Requirement)
- Must have signed purchase order before scheduling a trainer
- All classes are taught M-F 8am – 5pm. A 40% surcharge applies for any courses scheduled to be taught after hours or on Saturday.
- Pricing applies to the contiguous United States only. For training opportunities outside of this designated region, please contact us for a free quote.

### Classroom Training #OSHA10

#### OSHA10: 10 HOUR COURSE

Description	Price	Training Only	After Hours
One session	\$5,471	\$6,237	\$8,732
Second on same trip	\$4,211	\$4,800	\$6,725

### SAS Training Cancellation Charges:

- More than 6 weeks prior to scheduled training – no charge
- 2-6 weeks prior to scheduled training – 25% of contract amount
- 1-2 weeks prior to schedule training – 50% of contract amount
- Less than 1 week prior to schedule training – 80% of contract amount
